

U.S. News & World Report Recognizes 30 Sonida Senior Living Communities with Best Senior Living Awards

DALLAS, June 16, 2022– Sonida Senior Living, Inc. (the “Company” or “Sonida Senior Living”) (NYSE: SNDA), a leading owner-operator of senior living communities and services announced that 30 of its communities received designations of Best Independent Living, Best Assisted Living, or Best Memory Care on U.S. News & World Report’s Best Senior Living Communities 2022. Several of the communities received awards in multiple categories.

More than 3,000 senior living communities throughout the continental United States and Hawaii met eligibility criteria defined by U.S. News and World Report and participated in a consumer satisfaction survey of residents and family members. Components evaluated included community & activity, food & dining, caregiving, and management & staff. Nearly 200,000 individual survey responses were received. To be recognized as one of the 2022-23 Best Senior Living communities, individual locations had to earn a specific final weighted score tabulated in the independent methodology developed by U.S. News and World Report.

“We are honored to have our communities recognized as the best in senior living, and we are so proud of the hard work and dedication to excellence that earned us this designation,” said Kimberly S. Lody, President and CEO. “This recognition is especially meaningful because it is a reflection of input from our residents and families, whose satisfaction is at the core of what we do.”

About U.S. News & World Report
