

Mealtimes that matter.

Comfort, companionship and good food

Some of the most important moments in our community happen around the table. That's why we've partnered with Grove Menu Planning Solutions to give our residents an exceptional culinary experience.

What our residents love

Resident-driven menu

Every meal is tailored to our residents' tastes and requests. Our resident dining committee works with our lead chef to share requests and feedback to help create the perfect meal.

Abundant options

Made-from-scratch meals are both resident- and dietician-approved, providing the nutrition and taste our residents crave. We provide a variety of options including local and regional favorites.

Social events

Grove Menus makes it easy to order themed meals, snacks and party menus adding fun flavors and are a great social time for residents. And, when it's covid-safe, we love having friends and family join.

Come see and taste for yourself! Schedule a tour and enjoy a meal in our beautiful dining room. Call 972-270-6958 today!
